

Referring to SMYL Community College

SMYL Community College (the College) is a referral only 'Curriculum and Re-engagement in Education' (CARE) School that caters specifically for students who have disengaged from mainstream education. The College offers a full-time alternative education programme under the *School Education Act 1999 (WA)* for 14 to 18-year-olds.

All students referred to the College have significant barriers to education. Teaching and learning processes are adjusted, and support services provided, to meet students' needs. We follow a case management model in which every member of staff works in a team to find the right learning pathway for every student.

As a CARE school the College provides a programme of study meeting the needs of an individual student delivered through an Individual Education Plan and a holistic approach to wellbeing. Engagement in education is driven by project-based learning in major group projects, relating to both the Australian Curriculum and nationally recognised Certificates. WACE and VET Pathways are also offered at the College. The measure of our success is the progress we make to enable students to improve attendance, engage in learning and participate in the workplace and the community.

The College includes Social Emotional Learning curriculum to support student wellbeing. A School Psychologist is involved with all enrolment meetings as part of our holistic model of care. The College provides dedicated cultural support for Aboriginal students across all campuses.

Vocational qualifications that the College provides currently include Certificates of General Education for Adults, Leadership, Construction, Salon Assistant, Beauty (Retail Cosmetics), Hospitality, Small Engines (Automotive servicing), Business, Retail, Horticulture, and Community Services. In addition, Aboriginal/School Based Traineeships are available for our Senior students.

WACE pathways include Foundation and General courses in English, Mathematics, Career and Enterprise, Health, Physical and Outdoor Education along with Endorsed Programs such as Bushrangers, Keys for Life, Authority Developed Workplace Learning and Authority Developed Community Services.
